

1968-72 Center Console Kits

Console kits come with most required parts for a complete console. The lock bracket (which holds door lock in place) on the 1970-72 models is not available. Our kits include the console door lock and wiring which is not included with most other kits you see advertised! Holes must be drilled for chrome console door hinge mounting.

Kit comes "Unassembled" complete with:

- 1) Center console housing (w/chrome molding)
- 2) Console door and chrome hinge
- 3) Rear light plate with bulb
- 4) Brushed aluminum chrome top plate
- 5) Automatic dial indicator plate assembly (automatic)
- 6) Automatic shifter seals (automatic)
- 7) Correct 4-speed shift indicator (4-speed)
- 8) Console hardware and screw kit
- 9) Console door lock (70-72 models)
- 10) Console door lock catch
- 11) Console wiring harness
